## **ADVANCED COURSE ON THE ASSESSMENT OF GENERAL MOVEMENTS**

The Advanced Course on General Movements (GMs) is a tutoring course for people actively engaged in the assessment of GMs. The training sessions mainly consist of presentation and discussion of video-recordings of GMs made by the participants. Participants are asked to bring their own video material with representative samples of good quality recordings of GMs. Due to the set-up of the Advanced Course only a limited number of people is able to participate.

Mijna Hadders-Algra
